

Welcome to the New Jersey Consumer Council (NJCC). We are a non-profit consumer education organization dedicated to helping consumers make the right decisions when purchasing safe, reliable products and services. We achieve our mission through consumer advocacy, financial education programs and promoting the **Green CSM Certification** program that help companies practice Sustainability and Corporate Social Responsibility.

NJCC is the state consumer council affiliate of the American Consumer Council. We have over 8,000 members throughout the state and we are honored to be affiliated with Princeton Federal Credit Union, one of New Jersey’s strongest and best credit unions.
