

Credit Check-Up

Reduce your Monthly Payments and Pay-off your Debts

Princeton Federal Credit Union wants to be your financial partner who works with you and helps you to pay off your debt. If loan payments with another bank or finance company are putting a squeeze on your monthly budget, let us show you how you can save money on your monthly payments with a **no-cost, no-obligation** review of your financial fitness.

This quick credit authorization is not a loan application. By completing it, you are simply authorizing the Credit Union to pull your credit report for review. From your credit report, we will identify loans you may refinance through Princeton Federal Credit Union with rates and terms that may save you money every month.

Fill out the form below and give it a representative for your Credit Check-Up.
